-Many teams ECPC finalist

-ECPC Finalist with my team 27 july

Projects

Dwayee-دوائي | *React, Shadcn, JavaScript*

Live Demo   **May 2025**

- Dwayee - دوائي is a smart, pharmacy-focused platform designed to revolutionize the way users search for and order medications. Inspired by modern delivery apps, Dwayee is dedicated solely to pharmacies, offering users a seamless experience to find, compare, and order drugs from registered pharmacies in their area.

- full stack project with my team backend PHP,Laravel ,frontend React.JS

Fresh Cart E-commerce | *React, Tailwind ,JavaScript*

Live Demo

- Developed a dynamic React.js application with a scalable, component-based architecture.
- Implemented Reactive Forms with React Validators to ensure robust form handling and user input validation.
- Designed a sleek, fully responsive user interface using Tailwind CSS, ensuring consistent design across all devices.
- Managed state and real-time data streams using Axios for smooth API interactions.

Recipe App | *React, Tailwind ,JavaScript*

Live Demo
- Built with React.js for performance and scalability and scalable, component-based architecture.
- Designed a modern, fully responsive UI using Sass for custom styling and Tailwind CSS for utility-first design.
- Consumed real-time APIs via HTTP Client and managed asynchronous data streams effectively using Axios.

E-commerce | *WordPress, Laragon*   **oct 2024**
- Created an E-commerce using WordPress in Laragon to buy jewelry brands like Pandora for Women
- Processed user inputted information in the back-end of the app to return a website page based on the jewelry

Technical Skills
